

## Silver Star via Bluff Mtn. trailhead

From Battle Ground, go north on Hwy 503 for five miles or so. Look for the Lucia Falls, Moulton Falls sign, which is Rock Creek Road. Turn right.

Proceed south, then east, with Rock Creek Road turning into Lucia Falls Road.

After about 8 miles, look for Sunset Falls Road. Turn right.

Go east on Sunset Falls Road for about another 8 miles. Look for Sunset campground (speed bumps).

Turn right. Proceed a few hundred feet, over the bridge, and turn left onto Road #41.

After 2 miles or so, go straight at the first significant junction, then after another mile or so further, go slightly left, uphill, at the next junction (gate present). This is the Starway trailhead to the right.

The trailhead for the Bluff Mountain trail is on the south side of an open ridgetop, with the road making a hard bend at the primitive parking area.

Be aware that Rd. #41 is very rough, with huge potholes, diversion berms, etc. High clearance vehicles recommended.
